CONDITIONS OF SALE

PRICES: All prices on flower, vegetable seed and accessory products are payable in Canadian funds. Recent changes in tariffs and counter tariffs on seed imported into the US may require us to change prices without notice.

SALES TAX: Residents of AB, MB, SK, QC, YT, NT, NU and BC please add 5% GST. Residents of NB, NS, NL, PE and ON please add applicable HST.

CORRESPONDENCE: To write, phone or email us about shortages or errors on your order - please provide us with your order number as shown on the packing slip included with all orders.

PRODUCT ILLUSTRATIONS: All color illustrations are copyrighted and are the property of Stokes or their respective owners. Colors may vary in printing.

CUSTOMER SERVICE: For technical advice about our seed varieties and accessory products please phone 1-800-396-9238, email Stokes@StokeSeeds.com, or write to our Customer Service Department. (When requesting information, please use a separate sheet of paper, so we may process your order quickly).

RETURNED ITEMS: All returns must be authorized by our main office for your account to receive credit. We have no control over the environment in which the seed is stored after leaving our premises. For the protection of all of our customers, we will not accept seed returns for any reason other than an error on our part in filling your order (please contact us at 1-800-396-9238 within 10 days). Opened containers cannot be returned for any reason. A 15% restocking and handling charge will be charged on all returns that were not an error on our part.

CROP FAILURES AND SUBSTITUTIONS: We are dealing with live products, many of which are harvested after our catalog has been printed. If a crop fails or develops a shortage, we reserve the right to pro-rate the item, substitute another item or refund your money. Please indicate your preference on your order.

TESTED FOR GERMINATION: All seed is tested for germination each year, before being sold. We maintain our own seed testing department, to ensure that only seeds of high germination will be supplied to our customers. Results of the most recent germination test of each stock are marked on all packages of flower and vegetable seed. Germination varies each year.
